Contents of Volume 15

Number 1, July 1982

Steimle, F. W., Jr., The benthic macroinvertebrates of the Block Island Sound . 1

Cronin, J. R. and Morris, R. J., The occurrence of high molecular weight humic material in recent organic-rich sediment from the Namibian shelf . . 17

Marshall, H. G., The composition of phytoplankton within the Chesapeake Bay plume and adjacent waters off the Virginia coast, U.S.A. . . . 29

Correll, D. L. and Ford, D., Comparison of precipitation and land runoff as sources of estuarine nitrogen 45

Shea, R. E. and Broenkow, W. W., The role of internal tides in the nutrient enrichment of Monterey Bay, California 57

Rublee, P. A., Seasonal distribution of bacteria in salt marsh sediments in North Carolina 67

Kalke, R. D., Duke, T. A. and Flint, R. W., Weathered IXTOC I oil effects on estuarine benthos 75

Webster, S. G., Seasonal anecdysis and moulting synchrony in field populations of *Palaemon elegans* (Rathke) 85

Luoma, S. N. and Bryan, G. W., A statistical study of environmental factors controlling concentrations of heavy metals in the burrowing bivalve *Scrobicularia plana* and the polychaete *Nereis diversicolor* 95

Notes and Discussions

Triulzi, C., Delle Site, A. and Marchionni, V., $^{239+240}$Pu and ^{238}Pu in seawater, marine organisms and sediments of Taranto Gulf (Ionian Sea) . 109

Book Reviews 115

Number 2, August 1982

Deason, E. E., *Mnemiopsis leidyi* (Ctenophora) in Narragansett Bay, 1975–79: abundance, size composition and estimation of grazing 121

Broom, M. J., Structure and seasonality in a Malaysian mudflat community . 135

Wallace, G. T., Jr., Seibert, D. L., Holzknecht, S. M. and Thomas, W. H., The biogeochemical fate and toxicity of mercury in controlled experimental ecosystems 151

Griffiths, R. P., Caldwell, B. A., Broich, W. A. and Morita, R. Y., The long-term effects of crude oil on microbial processes in subartic marine sediments . . 183

Lockwood, A. P. M., Jenkinson, N. W., Bolt, S. R. L., Dawson, M. E. and Jensen, A. C., Microprocessor systems as an aid to estuarine studies in the laboratory . 199

Cronin, T. W., Estuarine retention of larvae of the crab *Rhithropanopeus harrisii* . 207

Voutsinou-Taliadouri, F. and Satsmadjis, J., Trace metals in the Pagassitikos Gulf, Greece 221

Hails, A. J. and Yaziz, S., Abundance, breeding and growth of the ocypodid crab *Dotilla myctiroides* (Milne-Edwards) on a West Malaysian beach . . 229

Number 3, September 1982

Salman, S. D., Seasonal and short-term variations in abundance of barnacle larvae near the south-west of the Isle of Man 241

Troelsen, H. and Jørgensen, B. B., Seasonal dynamics of elemental sulfur in two coastal sediments 255

Golik, A., The distribution and behaviour of tar balls along the Israeli coast . 267

Huthnance, J. M., On the formation of sand banks of finite extent . . 277

Keller, M. D., Mague, T. H., Badenhausen, M. and Glover, H. E., Seasonal variations in the production and consumption of amino acids by coastal microplankton 301

Millan-Nuñez, R., Alvarez-Borrego, S. and Nelson, D. M., Effects of physical phenomena on the distribution of nutrients and phytoplankton productivity in a coastal lagoon 317

Dame, R. F., The flux of floating macrodetritus in the North Inlet estuarine ecosystem 337

Book Reviews 345

Number 4, October 1982

Fonseca, M. S., Fisher, J. S., Zieman, J. C. and Thayer, G. W., Influence of the seagrass, *Zostera marina* L., on current flow 351

Hartnoll, R. G. and Hawkins, S. J., The emersion curve in semidiurnal tidal regimes 365

Parker, J. G., Structure and chemistry of sediments in Belfast Lough, a semi-enclosed marine bay 373

KOIDE, M., LEE, D. S. and GOLDBERG, E. D., Metal and transuranic records in mussel shells, byssal threads and tissues 679

NOTES AND DISCUSSIONS

MOOK, D. H. and HOSKIN, C. M., Organic determinations by ignition: caution advised 697

DORSCH, J. E. and BIDLEMAN, T. F., Natural organics as fluorescent tracers of river–sea mixing 701

Index to Volume 15

Note: The subject index is based upon the keywords allocated to each paper. The keywords are rotated in order so that each one appears once as the first index term. The complete list of permitted keywords is published in *Estuarine and Coastal Marine Science* **5** (2), i–xl.

Abundance; Irish Sea; barnacles; larvae; seasonal variations, 241
—; reproduction; annual variations; intertidal sand habitat; Crustacea; Malaysia coast; growth, 229
—; seasonal variations; diversity index; Firth of Clyde; Scotland coast; fish; community composition, 485
—; size composition; seasonal variations; larval stages; grazing; excretion; Narragansett Bay; Ctenophora, 121
Activity; crabs; prawns; shrimps; Mediterranean coast; coastal lagoons environmental changes, 591
Air pollution; ammonia; amines; watersheds; nitrates; nitrogen; Chesapeake Bay; Atlantic Coastal Plain, 45
Akberali, H. B., Trueman, E. R., Black, J. E. and Hewitt, C., The responses of the estuarine bivalve mollusc *Scrobicularia* to the first hydrolytic product of the insecticide Sevin, 415
Alaska coast; crude oil effects; sediments; carbon dioxide; nitrogen fixation; denitrification 183
Albright, L. J., *see* Bell, C. R., 385
Algae; groundwater eutrofication; algal bloom; estuary; urban development benthic, 569
Algal bloom; estuary; urban development benthic; algae; groundwater eutrofication, 569
Alvarez-Borrego, S., *see* Millan-Nuñez, R., 317
Amines; watersheds; nitrates; nitrogen; Chesapeake Bay; Atlantic Coastal Plain; air pollution; ammonia, 45
Amino acids; biomass; DOC; Gulf of Maine; phytoplankton; bacteria; excretion; heterotrophs, 301
Ammonia; amines; watersheds; nitrates; nitrogen; Chesapeake Bay; Atlantic Coastal Plain; air pollution, 45
Amphipod crustaceans; estuarine fauna; New England coast; debris line; beach fauna; community composition, 611
Analytical techniques; marine; seasonal variations; Denmark coast; sulfur; sediments, 255
Annual variations; intertidal sand habitat; Crustacea; Malaysia coast; growth; abundance; reproduction, 229
Assimilation; diffusion–advection models; residence time; silicon uptake rates; Oregon coast, 561
Atlantic Coastal Plain; air pollution; ammonia; amines; watersheds; nitrates; nitrogen; Chesapeake Bay, 45
Attenuation; chlorophylls; particulate matter; phytoplankton; light absorption, 459
Australia coast; fronts; entrainment; density current; estuarine circulation; dynamic balance; bathymetry; semidiurnal tide, 537
Australia east coast; marine ecology; estuarine fauna; benthos; biomass; secondary production, 423
Bacteria; excretion; heterotrophs; amino acids; biomass; DOC; Gulf of Maine; phytoplankton, 301
—; salt marshes; microorganisms; intertidal environment, 67
Badenhausen, M., *see* Keller, M. D., 301
Baja California coast; time series; spectral analysis; nutrients; productivity; upwelling; coastal lagoons, 317
Barbados; energy budget; sea urchins; coral reefs, 645
Barber, R. T., *see* Fisher, T. R., 621
Barnacles; larvae; seasonal variations; abundance; Irish Sea, 241
Bathymetry; semidiurnal tide; Australia coast; fronts; entrainment; density current; estuarine circulation; dynamic balance, 537
Baxter, M. S., *see* Swan, D. S., 515
Beach fauna; community composition; amphipod crustaceans; estuarine fauna; New England coast; debris line, 611

Behavior; tissues; bivalves; clams; insecticides, 415
